

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. R2-2004-0039

AMENDMENT OF SITE CLEANUP REQUIREMENTS (ORDER NO. 92-024) FOR:

SALINAS REINFORCING INC.
LOX EQUIPMENT COMPANY

for the property located at

355 VASCO ROAD
LIVERMORE
ALAMEDA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region (hereinafter the Water Board), finds that:

- 1. Water Board Orders:** The Water Board adopted site cleanup requirements for this site on February 19, 1992 (Order No. 92-024). This Order was amended on July 21, 1993 by Order No. 93-077 that limited the dischargers to Salinas Reinforcing and Lox Equipment. On March 25, 1998 the Order was further amended by Order 98-014 that added a Self Monitoring Program in place of quarterly compliance summaries.
- 2. Reason for Amendment:** In the Order No. 92-024, Task C 2 j required submission of Proposed Final Cleanup Objectives and Remedial Actions by September 1, 1994. Although interim remedial measures have been conducted over several years and proposals for final remedial measures submitted, a technical report to comply with the requirements of this task was not submitted. The Amendment sets a new date for submission of the technical report and incorporates current language to describe the requirements of the technical report.
- 3. CEQA:** This action is an amendment of an order to enforce the laws and regulations administered by the Board. As such, this action is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15321 of the Resources Agency Guidelines.
- 4. Notification:** The Water Board has notified the discharger and all interested agencies and persons of its intent under California Water Code Section 13304 to amend site cleanup requirements for the discharge, and has provided them with an opportunity to submit their written comments.

IT IS HEREBY ORDERED, pursuant to Section 13304 of the California Water Code, that Order No. 92-024 shall be amended as follows:

Replace Task C 2 j with the following:

DRAFT REMEDIAL ACTION PLAN INCLUDING DRAFT CLEANUP STANDARDS

COMPLIANCE DATE: October 1, 2004

Submit a technical report acceptable to the Executive Officer containing:

- a. Results of the remedial investigation
- b. Evaluation of the installed interim remedial actions
- c. Feasibility study evaluating alternative final remedial actions
- d. Risk assessment for current and post-cleanup exposures
- e. Recommended final remedial actions and cleanup standards
- f. Implementation tasks and time schedule

June 10, 2004
Date

Bruce H. Wolfe
Executive Officer
